

Product Label Extension For Magento2

The Product Label extension for Magento 2 helps you to add attractive labels to product and allows to add them on your homepage, category, product and cart pages. This extension also allows you to add labels with enticing offers for products that are new, freshly stocked or offered at discount rates. This allows to easily inform your customers about all the upcoming or ongoing offers which ultimately helps to generate more sales.

Installation

- i. Download ProductLabel Extension zip.
- ii. Extract Files.
- iii. In your magento2 project's directory follow this path src->app->code and make a new directory **Sprinx**.
- iv. Copy Extracted folder 'ProductLabel' and paste it here.
- v. Open window Terminal and change path to magento2 project's directory.
- vi. Run following commands:
bin/magento setup:upgrade;
bin/magento setup:di:compile;
setup:static-content:deploy;
- vii. Now all the new settings of this extension can be seen in the project Admin.
